## MORE ABOUT OUR COFFEE

**Pablo&Rusty's**  
COFFEE ROASTERS

We know it's controversial for a Melbourne cafe to serve Sydney coffee beans! However, in a blind taste test of several roasts, Pablo & Rusty's House Blend was our absolute favourite. We proudly serve two styles of Pablo & Rusty's coffee:

### HOUSE BLEND

Made with beans from Honduras, Panama and Ethiopia, our House Blend offers a sweet and fruit forward coffee. It has notes of brown sugar, milk chocolate and red berries.

### SINGLE ORIGIN - please ask for this week's

Single origin coffee is coffee grown within a single known geographic origin. Sometimes this is a single farm, or a specific collection of beans from a single country. Like wine, single origin coffee will have flavour profiles representative of it's geographic origin.
